

To the Hungarian Society of Experimental and Clinical Pharmacology

Invitation to the Hungarian Society of  
Experimental and Clinical Pharmacology

Dear colleagues

**The 16th World Congress of Basic and Clinical  
Pharmacology (WorldPharma2010),  
Copenhagen, 17-23 July 2010**

Further to our mail from August, we are pleased to inform you that a printed version of the full programme is now available. If you would like a copy, please send a mail to [mm@farm.au.dk](mailto:mm@farm.au.dk).

Alternatively, the full programme of 400 invited speakers may be viewed on [www.worldpharma2010.org](http://www.worldpharma2010.org). As mentioned previously, Sam Enna, Secretary General of IUPHAR, has described the programme as truly "*the most comprehensive and interdisciplinary in the history of IUPHAR congresses*".

**We hope that all members of the Hungarian Society of Experimental and Clinical Pharmacology will also find the programme attractive.**

In planning the program, particular attention has been made to involve young investigators and investigators from developing countries for whom bursaries are available. See [www.worldpharma2010.org](http://www.worldpharma2010.org) for further details. Deadline for applications is 1 December.

The homepage is also now open for submission of abstracts and hotel booking.

WorldPharma 2010 will provide in-depth treatment of the hottest topics in basic and clinical pharmacology. Therefore, the World's pharmacologists will all be meeting in Denmark 17-23 July 2010. Don't miss out on WorldPharma 2010! We promise you a scientifically rewarding experience as well as the opportunity to savour the atmosphere of Copenhagen.

Kim Brøsen  
President

Michael Mulvany  
Secretary General

WorldPharma 2010 is organised by:

Danish Society for   
**Pharmacology**

Jointly with

 **BRITISH  
PHARMACOLOGICAL  
SOCIETY**

*Today's science, tomorrow's medicines*

Under the auspices of

  
**IUPHAR**

Kim Brøsen  
President

Michael Mulvany  
Secretary-General.

*Please note that the congress is being held in the same congress centre that has just hosted the International Olympic Committee and its decision watched by one billion people to have the 2016 Games in Rio de Janeiro. The meeting location will indeed be world class!*
